8th April 2016

Dear Parent / Carers

PLAYGROUND EQUIPMENT

Just so that you are aware, next week we will be having our new Playground equipment installed in the outdoor area. There will be workmen on site throughout the day so children will need to be supervised on their journey into school and at hometime.

There will be disruption for Monday, Tuesday and possibly Wednesday.

The workmen will be working near the main field path. We have been told that the access via the path will not be affected and the path can still be used as normal.

Yours sincerely

Headteacher
